

Boundless Security Systems, Inc.

the communications bandwidth experts

Covert cellular IP camera
High definition DIY
Counter-terrorism, counter-drug, counter-gang, SWAT
Rugged traffic trailer camera
Rapid deployment
Low bandwidth

Labor Saving Features of **5 MP Smart uPTZ Camera** and **5 MP Embeddable Smart μ PTZ Camera**

5MP Smart uPTZ Camera

Rugged, weatherproof cast aluminum telecom case painted white with optional black mask, approx. 6"H x 8"W x 3"D, for utility pole, pole, or tripod

Two N-type RF connectors for cellular antenna and **Stranger Detector™** WiFi antenna, enable use of alternate or directional antennas, and placement of antennas at a distance

Everyone loves the Ease of Use, High Speed Viewing, and High Definition !

1.5" dia. clear acrylic window for built-in, rugged, concealed 5 mega-pixel **Forward Pivot™** micro PTZ color camera

Made in USA

5MP Embeddable Smart μ PTZ Camera

Rugged, weatherproof cast aluminum case painted flat black, approx. 8"H x 6"W x 3"D, for Boundless' **Traffic Barrel Shell, Faux-Rock Shell, Faux Meter Box**, or your DIY enclosure

- Fully custom preconfigured for turn-key operation and rapid installation, no IT dept required
- Intuitive, browser-based user interface, no training required
- Full remote access and control via cellular network and the Internet, no need to go to the unit
- High capacity, continuous internal solid state recording, no external video recorder required
- Mechanical pan and tilt, and optical zoom, enable wide remote selection of high definition view
- Dual-stream, live and recorded 960x540 @ 5 fps (programmable) **monitoring stream**, and much sharper recorded 1,920x1080 @ 5 fps **evidentiary stream**, view recorded monitoring stream at **high speed** to quickly locate times of interest and survey subject movements, then view evidentiary video
- View recorded video anytime, no need to watch long period of live video to survey subject movements
- Patent-pending, **Stranger Detector™** locating system passively monitors WiFi probes from mobile devices, shows patterns of presence and sends alerts when specific mobile devices are present
- Very low power dissipation enables use with external battery when AC power is not available
- "Smart" battery gauge with low power alert and estimated run time remaining to plan battery recharge
